A WORD ABOUT OUR PRINTERS

OUR READERS will be interested to know that the FEDERAL PROBATION Quarterly is printed at the United States Penitentiary, Marion, Illinois, in the plant conducted by the Federal Prison Industries, Inc., a Government corporation operating all industries in the federal penal system. Approximately 98 percent of the inmates assigned to the printing shop have had no prior experience whatsoever in printshop activities. The plant lends itself admirably to the rehabilitative program of the institution as a means of productive labor, occupation of time, and the development of printing skills. Many of the inmates carry over their newly acquired skills to their respective communities and become permanently established in commercial printing as linotypists, platemakers, offset and relief pressmen, and bookbinders.
